What remuneration (including commission) or other benefits, are attributable to the provision of the authorised services?

Pacific Custodians and MUFG Corporate Markets (AU) Limited are remunerated for the financial services provided to you, either directly through the fees charged to you, or indirectly through the fees charged to service providers for providing financial services in relation to their financial products.

Security sale and acquisition services

We charge a fee of 0.99% (inc GST) of the sale value with a minimum of \$99.00 (inc GST) to facilitate the sale of securities at the request of individuals.

Amounts payable by the security holder may vary depending on the extent to which the company whose securities are being sold subsidises any applicable fees.

For a security sale, the fees will be deducted from the proceeds of the sale prior to distribution to the beneficiary. For a security acquisition, the fees will be in addition to funds required to complete the acquisition of the securities. Proceeds from the sale of securities are held in client segregated accounts prior to distribution to beneficiaries. Pacific Custodians will be entitled to retain any interest that is earned on monies held in those accounts.

Employee share and option scheme services

Pacific Custodians receives remuneration for acting as trustee and custodian of employee share and option schemes (including ancillary custodial services such as the issue of any new shares under a corporate action or dividend reinvestment scheme). This remuneration is determined by agreement with, and payable by, the issuer of the securities. Generally, no fees or commissions are payable directly by employees entitled to securities or options under a scheme managed by us. If there is a direct fee payable by the employee, it will be set out in the scheme documents provided to employees.

We receive fees for administrative services that we provide in connection with employee share and option schemes, as well as facilitating sales in connection with these schemes.

The fees that we receive vary depending on a number of factors. The exact remuneration for any one transaction is not able to be ascertained at the time this FSG is given. But generally, we may receive a flat rate administration fee and/or a fee based on a percentage of the value of each transaction for the exercise of an option and/or share sale.

You may request the particulars of the remuneration or other benefits for any particular service that we will provide, but that request must be made within a reasonable time after you are given this FSG and in any event, before any financial service is provided.

Where we facilitate a transaction, a brokerage fee is charged which may marginally exceed our negotiated cost with the broker.

No additional remuneration is paid, or benefit provided to:

- the employer of the providing entity;
- the authorising licensee;
- an employee or director of the authorising licensee (other than normal wages and salary of employees);
- associate(s) of any of the above; or
- any other person.

MUFG Corporate Markets (AU) Limited and Pacific Custodians are subsidiaries of MUFG Pension & Market Services. For more information about MUFG Pension & Market Services, please visit: www.mpms.mufg.com.
